In early August, an email will go out informing you that the textbook ordering system is open. This email will go to your Colgate email address and will contain instructions, tips, and reminders about ordering.

The bookstore website compiles all the textbooks, art and school supplies, and laboratory materials that your instructors have required or recommended you purchase. We display the purchase options (new, used, e-book, and rental) from our store, as well as from our online competitors.

When you order your textbooks and supplies through the Colgate Bookstore, your course materials are already paid for, boxed up, and ready for you to pick up at the bookstore when you arrive on campus!

We are the only course material provider that is owned and operated by Colgate University, and thus works directly with Colgate’s faculty and your add/drop deadlines. If you change classes or a professor suddenly cancels a book, we have you covered.
CELEBRATE YOUR HIGH SCHOOL GRADUATION!

Reward yourself for your hard work in high school by purchasing a new computer to power your Colgate experience. We have your best interests at heart.
